

ARGENTINA OUTREACH

LATINO MINISTRIES | SPRING 2021

26 women attended the latest "Mate de la Pastora". Mate is like a hot herb tea that is well known in countries like Peru and Argentina. Instead of Coffee they mix this herb tea and come together for fellowship.

Pastor Caleb says he is not a big fan of Mate but the Argentinians love this drink. Pastor Maria Grigioni reports that the Covid restrictions only allow for 10 people to come together and the turn out for the Mate was more than expected and many of the pictures she is unable to post at this time due to those restrictions.

Latino Ministries and Global Reach are happy to announce that Argentina has a move to be accepted as a Mission Field in the next Commission meeting! This was a long time in the waiting and we are happy it has finally come about, all while observing the ministry and speaking with the pastor, leader and congregation. Directors Caleb, from Latino Ministries, and Pastor/Director Liarxis from Venezuela have been able to visit in person.

Recently CGGC Executive Director Lance Finley, Global Reach Director Ben Tobias, and Assistant Director Travis Helm, Caleb and Christina Acosta, Pastor Maria Grigioni, and Pastor Enrique met online via Zoom to discuss ministry and acceptance of the mission field. We were all impressed with how well things went. We went over the details of the ministry in Argentina and the new church plant that took place under pandemic restrictions. Pastor Maria recently blessed a marriage and united a family in marriage through the courts and through the church. God bless this ministry. We see great things happening! God is in control of all of it, and we trust Him!

Thank you for your support and encouragement. If you would like to send contributions to Pastors Caleb & Christina Acosta you can mail your check, made payable to "CGGC", to CGGC-Global Reach. On the memo line please note GR 2764 - Acosta. You can also give securely online at cggc.org/global-reach-ministries and selecting USA Latino Ministries.
