

NEWS FROM THE BRAZIL CONFERENCE

SUMMER 2020

GREETINGS FROM BRAZIL!

Here in Brazil, as well as in the rest of the world, we have been experiencing difficult times. However, as a third world country, our difficulties are even greater. Our churches have been closed since March. Governors and Mayors have prevented any kind of worship, but services have been broadcasted online. Our pastors Gimenes, Mauro, and Orlando have been struggling to make ends meet since they can't work now. Unfortunately our conference has no way to help them in this difficult time.

However, not everything is just sadness. We have the construction of the church of Dom Macedo Bahia. Because of the COVID-19 virus the work had to stop for now. We have been praying everyday for a vaccine to become available so we can get out of this difficult situation we all find ourselves in.

Here are some things you can pray for:

- Construction of the Church in Dom Macedo
- For the lives of pastors Gimenes, Mauro, and Orlando
- For the reopening of churches for worship
- The current living situation due to restricts that have been implemented.
