

## **New Adventures**

When we first arrive in Thailand, we will be quarantining for two weeks in a hotel (which is required due to COVID). After that, we will stay with a friend for a few weeks until we find a home to rent. Our goal is to be moved into a home before the school year begins. Katie will be working as a first grade teacher at International Community School of Udon Thani, a Christian international school. The school's staff are all missionaries whose goal is to disciple kids and see them come to know the Lord on a personal level. Aside from the missionaries' kids, virtually all of the students are from Buddhist homes. Parents send their children to the school to get a high-quality education by native-English speakers and because the school has a reputation for being a safe, loving, nurturing community. As Jesus said, they will know that you are my disciples if you love one another. Bryan will be laying the groundwork for church planting in Udon Thani. He will be continuing his classes for Global Studies and Theology & Apologetics through Liberty University as well as continuing his study of the Thai language, establishing relationships with local people and caring for Elli. We are so thankful that God has brought us to this point in our journey and we trust that He will continue to lead and guide us as we pursue Him. We can't wait to see what God has in store for us next and we can't wait to share it with you. Thank you for all of your prayers and support!

## **Prayer Requests**

- For our families as they are processing this big change.
- For the families of Udon Thani to trust ICS with the education of their children.
- for the logistics of moving internationally, especially during COVID.
- For fundraising so that Bryan can continue his coursework through Liberty University.
- That God would be glorified in all we do!
