

# Nicaragua Conference

LATINO MINISTRIES

Pastor German is breaking ground throughout different areas of Nicaragua, lifting up new works, networking with many families to begin those new works. Sometillo is a countryside church and we have since purchased land there to begin church building for a new ministry. Pastor Marcial Mendez and his wife Iveth Rodrigues heads up this new work in Sometillo in the sector of Rodeo Grande, which translates to Great Rodeo. We believe this new mission is a great work! Pastor German has had many conversations with Pastor Marcial and has visited with them on several occasions to help get them started. This is the piece of land that was purchased and they are already beginning to do their part in ministry.
