LATINO MINISTRIES

The Iglesia Cristiana Restauración Familiar Casa De Dios or in Chinandega and Conference Director and Pastors German Baquedano y Silvia Valverde are hard at work, making connections, finding ways to expand God's Kingdom through networking, through relationships and through the sharing of God's Word with people. Restrictive times have not held them back. Pastor German is a "Go getter" from the time we met him and we love his ministry work ethic in pressing forward even among opposition and obstacles that get in the way. Over the past two years, Pastor German has helped get started 4 congregations as either a new church plant or affiliation and just recently they had a meeting to share together in ministry teachings. One of the reports that came in is this: "Today I was blessed with the leaders and pastors of the association of Churches of God who met in Chinandega to receive the teaching with the general theme: The Christian leader ... In the development of the teaching and fraternity of the participants the Lord touched our hearts to continue doing the work that he has entrusted to us. I thank Pastor German Baquedano for the invitation to share this teaching ... Blessings in a big way." Reverend Augustine Flores. The Nicaraguan Conference has begun to grow and expand fairly quickly. We look forward to seeing how God blesses them and moves them in the coming years. Not too long-ago Pastor German and his family experienced very hard times, suffering times. God has pulled them through this season of their life and we can see how they are being molded into a new season of reaping the benefits of serving Him over all other things. We can always trust that God will protect us, look out for us and lift us up over our adversaries. We pray that they may keep on loving God, his work, and that they continue to serve him with all their hearts, mind and soul as they press on in giving him the best of who they are along the way! May God bless the Nicaraguan Conference, Pastors and Church.
