

# Nicaragua Conference

LATINO MINISTRIES

Pastor German has been very busy church planting in the surrounding countryside where new works have already begun. Exciting news for Nicaragua is that we are currently speaking with a local church in the Eastern Region and discussing possible involvement with a local church and the Nicaraguan ministry. Another answered prayer we believe! God knows all things and He knows the needs of all people. We praise the Lord for leading people our way so we can connect them for a future of building relationships. God is so good, and he has been good to the work in Nicaragua!

*Make my joy complete by being of the same mind, maintaining the same love, united in spirit, intent on one purpose.*
