

USA LATINO MINISTRIES

SPRING 2021

USA Latino Churches are doing well, given our circumstances with Covid restrictions. York, PA, pastored by Evan and Italo Lezama, is full force ahead. They are holding baptism classes on Wednesdays at 6pm, and personal growth sessions including, learning music, Empowered Women, Overcoming Chaos, and an Encounter with God on Friday evening, at 6:30pm. Bible Studies are on Sundays at 12:30 and services start at 1:30pm. They recently held a vigil that invited all the USA Latino churches together where we had special visitor, Pastor Hasybe Asaf, from Venezuela, minister and preach.

Over Easter, the Sanidad Divina Church in Columbia, PA gave teaching on how the people of Israel remember the Passover. We used the elements of the Seder Plate to teach on. Sanidad Divina is also holding weekly teachings online. The next three months we are giving a series on Signs of the End Times and are doing extensive research on each sign. A member of the congregation is taking on the task to do their investigations and present online each week. We just finished a series on revival, personal revival, and spiritual revival as individuals, groups, and as a movement.

The Perez family (from Middletown, PA) and the Acosta family recently joined together for a three day trip to the New York side of Niagara Falls. Ministry can be stressful, and being sure that we care for ourselves is important and vital to us doing an even better service to God and each other. We spent time with Caleb's dad, Silvester Acosta, who is joining us from Venezuela for a short time. It was a great time to just be together outside of ministry and to laugh and joke. Much needed rest for all of us! Please pray for the Perez family as they continue to serve God's will.
