

VanDervort Report

Prayer Needs:

- That Dawn's foot heals quickly
- We can return to Haiti soon
- The country stabilizes
- Everything would be in place before we leave in December

Dear Friends,

Things again have been changing very quickly in our lives. We had a very busy month of May with a Pastors conference and the wedding of a good friend. We arrived in States at the end of May for a month of vacation and meetings. We spent a very nice week at the Outer Banks, in North Carolina, celebrating our son-in-laws return from his deployment. We were due to return to Haiti the end of June, but Haiti was getting more unstable, and our friends and colleagues advised us to wait a bit. Then, Haiti's president was assassinated and the whole country was in turmoil. So, we were waiting for things to settle down. From Dawn: Then my knee gave out, I fell and broke my right foot. I need to be off it for at least 6 weeks. My next doctors appt. is September 8, and we are hoping I will get the go ahead to return to Haiti. Our Pastors and staff are continuing all our programs. People are coming to Christ in these uncertain times. Our churches are continuing to meet and get the gospel out. The hospital has been operating and seeing many patients. A major praise the Lord is the PT/Nursing school received their License after many years of paperwork and hoops to jump through. We still plan to leave Haiti in December. Mike will continue as the field director from the States but will travel back and forth several times a year. We have been working on teaching our staff to take over and help with administration.

Mike & Dawn

To support us financially, make checks payable to "CGGC" and mail to CGGC-Global Reach, PO Box 926, Findlay, OH 45839. List "VanDervort – GR2763" on the memo line.

To give securely online, go to cggc.org/global-reach-ministries and select Haiti.
